### **1. Call to Order and Declaration of Votes**

The meeting will be called to order and the City of Yuma will declare the number of their votes.

### **2. Title VI of the Civil Rights ACT of 1964**

A brief message will be read out reminding members of our Title VI obligations. YMPO has survey cards on the TAC Website, for the public to complete. Please send these to JR Aguilar, YMPO Title VI Coordinator, at [jraguilar@ympo.org](mailto:jraguilar@ympo.org).

**This item is on the agenda for information only and JR Aguilar, YMPO Mobility Manager, will read the YMPO Title VI Statement.**

**3. Call to the Public**

This item is to provide an opportunity for comments by the public. Individuals who wish to address the committee need not request permission in advance but are limited to three (3) minutes.

**4. Approval of Minutes**

The approval of the April 11, 2024, minutes.

**This item is on the agenda for information, discussion, and/or action.**

**5. FY2026-2050 Long-Range Transportation Plan (LRTP)/ Highway Safety Improvement Program (HSIP) Applications Update**

Kittleson & Associates will briefly update LRTP Progress and the FY 2027 Highway Safety Improvement Program (HSIP) applications. The deadline to submit applications was May 3, 2024.

**This item is on the agenda for information and discussion only. Vamshi Yellisetty from Kittleson & Associates and Mike Blankenship from Greenlight (TE) will present this item.**

**6. FY 2022-26 Transportation Improvement Program (TIP) Amendment #14 Update**

YMPO Executive Board approved FY 2022-26 YMPO TIP amendment #14 on April 25, 2024. However, the approval changed the HURF exchange amount for the Avenue 3E Bridge over the "A" canal project from \$1,031,194 to \$1,015,863.

After the TAC recommendation, the YMPO apportionments for FY 2024 with ADOT were reviewed, and the Executive Board was informed that the maximum HURF exchange amount is \$1,015,863.

**This item is on the agenda for information and discussion only. Mr. Villegas will present this item; further information is available in an information summary as Item 6.**

**7. Possible Regional Project Priority List for 2025**

The Rural Transportation Advocacy Council (RTAC) continues to work to provide State funding for local transportation projects in rural Arizona. This item is included for TAC members to initiate a discussion to develop the 2025 Regional Project Priority List.

**This item is on the agenda for information and discussion only. Mr. Villegas will present this item. Further information is available in the information summary in Item 7.**

**8. ADOT Tentative FY 2025-2029 Tentative Facilities Construction Program**

ADOT Five-Year Program is available for public review and comment until May 24, 2024. The State Transportation Board is expected to adopt the final Five-Year Program at its June 21 board meeting. Ms. Figueroa will report on funding information and projects currently identified in the program.

**This item is on the agenda for information and discussion only. The Executive Director Crystal Figueroa will present this agenda item. Further information is available in the information summary in item 8.**

**9. YMPO FY 2025 Title VI Update, Training and Guidance**

YMPO Title VI Coordinator will update the Technical Advisory Committee (TAC) with the latest update in respect to the Title VI of the Civil Rights Act of 1964, Limited English Proficiency (LEP), and the Public Participation Plan.

**Mr. Aguilar, Mobility Manager, will make a presentation on the Title VI Package; this item is on the agenda for discussion, comment, and possible action to recommend detailed changes to the 2025 YMPO Title VI Report, contingent on no major comments or objections. Further details are contained in an information summary included with this agenda packet, as Item 9.**

**10. YMPO and ADOT**

YMPO and ADOT staff will have the opportunity to update any other business that was not fully covered in previous agenda items. Monthly LPA Project Update Report will be provided as part of this item as an attachment.

## FY 2022-26 YMPO Transportation Improvement Program – Amendment #14

### Update

**DATE:** May 9, 2024

**SUBJECT:** FY 2022-26 YMPO Transportation Improvement Program (TIP) – Amendment #14 Update.

**SUMMARY:**

On April 11, 2024, the Technical Advisory Committee (TAC) recommended approval of FY 2022-26 TIP Amendment #14, and the Executive Board approved TIP Amendment #14 on April 25, 2024. During the April TAC meeting, the TAC recommendation for the Avenue 3E Bridge over the “A” canal construction project was for an amount of \$1,031,194 in HURF exchange funds. However, after reviewing YMPO apportionments for FY 2024 with ADOT, the maximum amount in the HURF exchange is \$1,015,863. For this reason, the Executive Board was informed that the maximum HURF exchange amount is \$1,015,863 and this project was not approved as recommended by the TAC.

Frank Sanchez, Yuma County Engineer, agrees with the new amount, and the TAC is being notified of the change.

## Regional Project Priority List for 2025

**DATE:** May 9, 2024

**SUBJECT:** Regional Project Priority List for 2025

**SUMMARY:**

The Rural Transportation Advocacy Council (RTAC) continues to work to provide State funding for local transportation projects in rural Arizona. This item is included for TAC members to initiate a discussion to develop the 2025 Regional Project Priority List.

RTAC has indicated that, depending on the State budget adoption for FY 2025, \$400 million could be available statewide for Regional Priority Projects. The population-based division of that amount estimated the possible allocation of funds to the YMPO region at about \$48 million.

COG/MPO	2020 Population	(%)	\$ 400,000,000

Last year, YMPO, through the YMPO TAC and Executive Board (the Board), developed a prioritized list of projects that were presented to the RTAC for inclusion in their combined list of projects. The list was then submitted to the Arizona Legislature (HB2412) for consideration for possible funding during the fiscal year 2024-2025 budget process.

YMPO submitted three projects for consideration last year. US-95: Wellton-Mohawk Canal to Aberdeen Road widening (\$40M). US-95 pavement rehabilitation (Phase 2) between County 17<sup>th</sup> St to Avenue D (\$6.95M) and the Somerton Main Street Improvements (\$1.37M).

## **YMPO TAC INFORMATION SUMMARY for Agenda Item 8**

### **ADOT FY 2025-2029 Transportation Facilities Construction Program**

**DATE:** May 09, 2024

**SUBJECT:** ADOT Tentative FY 2025-2029 Transportation Facilities Construction Program

#### **SUMMARY:**

Each year, ADOT develops a five-year Transportation Facilities Construction Program, which is usually approved by the Arizona Transportation Board in June, in time for the start of the new fiscal year on July 1. The development process usually starts in January of the previous year and takes up to 15 months to complete, so the process for the next program is already well underway. The program contains those projects to be carried out on interstates and state highways systems for up to five years, but many major projects are still being considered through the detailed scoping process for the outer two years of the program, so projects are usually only approved for the first three years.

During this year's program, Yuma County is expected to receive approximately \$39.3 million in projects over the five-year program, and these are shown in the attached pages. The projects utilize a variety of State and Federal funding sources that flow into the Highway User Revenue Fund (HURF). The major problem facing ADOT is a chronic lack of funding from both state and federal resources, as neither of these funding streams has changed in the past 32 years. Funding will continue to be pressured as consumers transition to more fuel-efficient vehicles, and inflation continues to erode the value of the state gas tax. The funding streams are primarily based on cents per gallon so, as the price of gasoline has increased, the amount of money going to fund highway improvements has NOT increased, but has stayed the same, per gallon of fuel.

This continued decline of the sources that primarily fund the system has finally reached the point where ADOT is no longer able to fund roadway widening projects in the Greater Arizona area (including Yuma County).

Regardless of the lack of overall funding, ADOT continues to program a much lower proportion of funds for the State highway system in Yuma County than in other counties that have similar sizes and who contribute about the same amount of fuel taxes into the system. This is primarily due to the number lane miles of State Highways in the counties in question. ADOT exerts a very high level of control over the (discretionary) funding available to the counties in Greater Arizona and refuses to provide as fair 'return to sender' to counties like Yuma. As a result, funds paid into the State Highway system will continue to be taken from Yuma County to fund 'needs' in other areas of the State based on ADOT's perceived 'need' for those roadways to be repaired and/or maintained, regardless of where the funds come from in the first place. Projects are not selected based on region but on a priority basis identified in its Long-Range Transportation Plan, plans recommended investment choice, and ADOT's planning to programming process. Revenues are programmed based on three major investments

categories: Preservation (78%), Modernization (15%), and expansion (7%).

[ADOT's Draft Tentative FY 2025-2029 Program](#) is currently available for review and public comment.

**PUBLIC INPUT:**

No members of the public have provided any input on this item.

**TECHNICAL & POLICY IMPLICATIONS:**

TECHNICAL: ADOT's control mechanism does not allow for effective regional influence in the decision-making of the programming of State Highway Funds. This is partially due to an overall lack of funds. ADOT allocates just over \$1 million in Surface Transportation Block Grant (STBG) Funds to the YMPO region each year. MAG, which has approximately 20 times more population than YMPO, receives approximately \$60 million in STBG funds each year.

POLICY: Until the YMPO region becomes classified as a Transportation Management Area and/or until the region implements some form of regional tax for transportation purposes, Yuma County will continue to have to rely on ADOT's discretionary largesse for transportation funds for large regional projects.

**ACTION NEEDED:**

This item is on the agenda for information, and possible comment only at this time.

**PRIOR BOARD/COMMITTEE ACTIONS:**

There have been no Board actions regarding this subject.

# **YMPO TAC INFORMATION SUMMARY AGENDA ITEM 9**

## **YMPO FY 2024 Title VI Update, Training and Guidance**

**DATE:** May 2, 2024

**SUBJECT:** YMPO FY 2024 Title VI Update, Training, Guidance, & Possible Action

### **SUMMARY:**

Under Federal Guidance, YMPO must submit an annual Title VI Plan and report, which includes significant components such as changes in roles, PPP, and LEP.

At YMPO, every meeting will begin with a brief Title VI statement and will serve as a reminder. Survey Cards will be accessible at all meetings. Should there be any changes to YMPO's organizational structure, we are committed to updating the Title VI documentation accordingly. Additionally, our Boards and committees will engage in regular training sessions on Title VI to ensure ongoing compliance and understanding. Changes made to the document are as follows:

- YMPO Title VI Officer: Madam Chair Cecilia McCullough, Vice Mayor, Town of Wellton

YMPO also has a Limited English Proficiency (LEP) requirement that must be approved according to Executive Order 13166, signed August 11, 2000. YMPO is engaged with individuals from diverse cultures, backgrounds, and businesses throughout its programs and activities. Limited English Proficiency (LEP) describes individuals who do not speak English as their primary language and have limited ability to read, write, or understand English. YMPO's LEP Plan is designed to comply with Title VI of the Civil Rights Act of 1964 and Executive Order 13166, which prohibits recipients of Federal financial assistance from discrimination based on National Origin.

The YMPO's Public Participation Plan is an element of the Title VI Package and is approved at the same time. The purpose of this plan is to ensure the public involvement process is considered in all phases of the MPO decision and opportunities. The MPO has various methods to ensure the public can be engaged in developing transportation plans and programs.

A Title VI training session will be conducted during a meeting twice annually, or as required, to address any significant updates to the document(s).

### **ACTION NEEDED:**

This item is on the agenda for presentation, discussion, and possible action to approve the detailed changes to the 2025 YMPO Title VI Report, contingent on no significant comments or objections received during this comment period.

Type of Work:	Install Pedestrian Hybrid Beacons												
ADOT PM:	Alyssa Young, (480) 932-9468												
Project Status:	Project scope changed slightly: only in the location of one Pedestrian Hybrid Beacon from 32nd St and Palm Dr to 32nd and Michigan Ave (a total move of 350 feet to the east along 32nd St). With this, the Local needs to submit a new HSIP application, Updated B/C ratio and work limits map. The Local is still getting this updated, but we have the greenlight to continue design from the Safety Program Manager as their revision will be accepted. Stage III is scheduled to be submitted 7/2 and as of now, is still on schedule.
