5. Final Report on the Yuma Region Transportation Safety Study

The original STSP established a regional vision, goals, objectives, strategies, countermeasures, and performance measures for transportation safety that are consistent with the Arizona Strategic Highway Safety Plan (SHSP), first developed in 2014. This Update started in July 2018 and Greenlight Traffic Engineers (GTE) was selected to complete the Safety Plan Update.

The central theme of the update was to conduct the Implementation Phase of projects, including the submission of HSIP projects for the competitive Statewide HSIP process. This effort resulted in GTE completing 9 HSIP applications for the City of Yuma (4), Yuma County (4), and the City of San Luis (1). The results were astounding for the region, being awarded eight projects for FYs 2023 and 2024, with a combined total of \$10.7 million. Staff from GTE will present the Regional Strategic Safety Plan Update results and findings.

This item is on the agenda for information, discussion and possible approval of the final report. Mr. Gutierrez will introduce this item and additional background is included in an Information Summary as Item 5.

6. Future Regional Funding Options for Transportation Purposes.

The 21st Annual Rural Transportation Summit (Summit, or RTS) took place at the Casino Del Sol Resort in Tucson Arizona between October 16-18, 2019. Mr. Ward reported that he had a pleasant time at the Summit and informed the Board that the 22nd Annual RTS would be hosted by the Central Arizona Government (CAG) and Sun Corridor MPO on October 14-16, 2020 at the Harrah's Ak-Chin Hotel and Casino in Maricopa, Arizona. Mr. Ward added that YMPO will soon plan to host the RTS within the next two to three years and will rely on the opinion of the Board for recommendations.

Mayor McCollough took a moment to thank YMPO for sponsoring her attendance to the Summit and mentioned that the sessions were outstanding. She reported that she attended the State Transportation Board Meeting on Friday to and spoke for the region.

Councilmember Thomas reported that it was he's first time attending and found the session to be very informative. He added that it gave him an outlook of how important the topic of Transportation is in the Yuma Region and Statewide.

Mayor Cecilia Cruz mentioned that Transportation is becoming a popular subject and reported that it was the highest attended summit thus far. She mentioned that people are becoming informed about properly funding their roads and it's a topic that needs to be addressed.

6. Regional Air Quality Analysis
Charles Gutierrez, YMPO Senior Planning/Mobility Manager informed the Board members about the Regional Air Quality Conformity Analysis. He reported that the region is currently in nonattainment for National Ambient Air Quality Standards (NAAQS) for two pollutants, particulate matter of less than ten microns (PM-10) and ozone standards. As a result, Kimley Horn completed an Air Quality Conformity Analysis (AQCA) on the Long-Range Transportation Plan (RTP) and Transportation Improvement Program (TIP). Mr. Gutierrez reported that the most recent AQCA has found that the region's 2018-2041 RTP and 2020-2024 TIP conform under the 1987 PM10 and the 2015 8-hour ozone National Ambient Air Quality Standards.

MOTION: Deputy Mayor Knight moved to approve the YMPO 2018-2041 RTP, FY 2024 TIP Air Quality Conformity Analysis Documentation. Mayor Ramos seconded, and the consent agenda was unanimously approved.

7. FY20 - 2024 Transportation Improvement Program (TIP) Modification and Resolution 146. 25.54

Mr. Gutierrez informed the board that on June 27, 2019 the FY 2020-2024 YMPO TIP was approved contingent on an air quality conformity analysis being successfully completed on the TIP. He reported that it is going to be kept as is and immediately take it back to the TAC in November for the Transit/HSIP portion and bridge for Yuma County. He communicated that the amendment process will start in December and take it back to the Board. Mr. Gutierrez requested the adoption of Resolution 146, so YMPO can process the submission to ADOT and FHWA for the 2020-2024 TIP along with the signed Resolution. He mentioned that in the next Board meeting it will be presented with the full approval for amendment changes.

MOTION: Supervisor Pancrazi moved to approve the Resolution 146 for FY 2020-2024 TIP. Councilmember Thomas seconded, and the consent agenda was unanimously approved.

8. Robert A. Vaughan Memorial Highway

Paul Patane ADOT Southwest District Engineer presented to the Board the proposed Robert A. Vaughan memorial sign locations on Highway 195 and the three sign options to choose from. The Board agreed on option number two with the three-line outline that shows Robert A. Vaughan on the first line, Memorial on the second line, and Highway on the third line.

9. The Yuma Regional Short-Range Transit Plan (SRTP)

Mr. Gutierrez reported that the request for proposal for the Yuma Regional SRTP was developed in conjunction with the Yuma County Intergovernmental Public Transportation Authority (YCIPTA) staff and reviewed by both the YCIPTA Board and the YMPO Technical Advisory Committee (TAC). He mentioned that the RFP was advertised on September 4, 2019 to various consultants and associations; however, no proposals were received by the deadline of October 7, 2019. YMPO reached out to ADOT Staff and other transit partners to share thoughts on possible processes that might have hindered the overall process of the YMPO RFP process for the SRTP. It was concluded that YMPO would remove the language under Section VII: Frame and Cost that states the proposer(s) at a cost not to exceed \$95,000 and replaced with negotiated at time of contract negotiations. YMPO is expecting to re-advertise the RFP as presented with a modified schedule and adjustments within a few weeks.

Mr. Ward added that ADOT informed him that if more funds were needed, he possibly can apply for more.

10. Executive Director's Evaluation

Crystal Figueroa, YMPO Accountant briefly reviewed last year's evaluation process and informed the Board that last year, a subcommittee evaluation option was preferred over the prior year's evaluation criteria. The YMPO Policies and Procedures outline a

subcommittee that includes the YMPO Chairperson and selects two Board members from two different jurisdictions who have regularly attended meetings. Previously the subcommittee evaluated the Director and reported their recommendations to the Executive Board on the Director's evaluation during Executive session. Ms. Figueroa mentioned that YMPO staff evaluations were scheduled in December and recommended that the actual review of Mr. Wards performance occurs on the next Board meeting, December 12, 2019. This will allow the appropriate changes within the correct time frame for the start of the calendar year 2020.

After some discussion, no motion was made, but a consensus was established for Councilmember Thomas and Vice-Mayor Cruz to form the Executive Director's evaluation subcommittee along with the Chairman. The subcommittee agreed to meet on December 5, 2019 at 1:30 p.m. at YMPO for Mr. Wards evaluation.

YMPO INFORMATION SUMMARY for Agenda Item #5

Final Report on the Yuma Region Transportation Safety Plan

DATE: December 9, 2019

SUBJECT: Final Report on the Yuma Region Transportation Safety Plan

SUMMARY:

This project updated the YMPO Regional Strategic Transportation Safety Plan (RSTSP) which was the first such plan for the YMPO region. The original STSP established a regional vision, goals, objectives, strategies, countermeasures, and performance measures for transportation safety that are consistent with the Arizona Strategic Highway Safety Plan (SHSP) developed in 2014. The STSP Update will also identify strategies for addressing new areas of safety planning such as, spatial analysis, and utilization of appropriate analytical methods from the Highway Safety Manual. The STSP Update will provide valuable input to the Long Range Transportation Plan update and also provide practical implementation guidance allowing safety projects and programs in the four E's of engineering, enforcement, education, and emergency services to move forward in the YMPO region.

July 2, 2018, YMPO went into Contract Agreement with Greenlight Traffic Engineering (GTE) to complete the Safety Plan Update.

The first phase of the update was to conduct the Implementation Phase of projects due to the time constraints that ADOT has for application review and submission of HSIP projects for the competitive HSIP process. In this phase, GTE completed 9 HSIP Applications for the City of Yuma (4), Yuma County (4), and the City of San Luis (1) and the results were astounding for the region with the eight of nine (8/9) projects for the FY 23/24 years. The funding total was \$10.7 Million.

Greenlight TE is presenting today the results of the Safety Plan results and findings.

PUBLIC INPUT:

There has been public comment during the update. It was a combined efforts with the Bike and Pedestrian Study. The comments were considered for the Plan as appropriate

ACTION NEEDED:

Staff is looking for a recommendation to the YMPO Executive Board for approval of the YMPO 2020 Regional Strategic Transportation Safety Plan Update

YMPO INFORMATION SUMMARY for Agenda Item 7

YMPO Preparation for the 2020 U.S. Census

DATE: December 9, 2019

SUBJECT: YMPO Preparation for the 2020 U.S. Census

SUMMARY:

YMPO staff, in collaboration with the U.S. Census Bureau, is working with local municipalities and citizen groups to gather the information that is being requested by the Bureau. Yuma County has a Regional Committee, called the Complete Count Committee (CCC), that has been organized to help foster the promotion of the Upcoming 2020 Census Collection efforts. The CCC has representatives from all YMPO member agencies and has been involved with the following highlights:

- Developed Local Tagline
¡Todos Contamos! Yuma County We All Count!
- Developed County-wide event schedules
- Developed *FAQ* sheets to respond to questions
- Meeting regularly to discuss issues specific to Yuma County
- City of San Luis has approved \$25k for Census Promotion
- City of Somerton has established sub-CCCs

PUBLIC INPUT:

No members of the public have addressed either YMPO staff members, the Technical Advisory Committee, or the Executive Board on this subject.

TECHNICAL & POLICY IMPLICATIONS:

TECHNICAL: The Census Count starts April 1 and concludes by the end of the calendar year. IF the Census determines there are more than 200,000 persons in the Yuma Urbanized Area, our region will automatically be classified as a Transportation Management Area (TMA). This designation will have important effects on how the region is regarded by federal transportation funding agencies.

POLICY: YMPO is NOT an official Census recognized agency, so YMPO has no direct policy regarding the census, but we assist and support our member agencies with collecting information, wherever possible and desired.

ANTICIPATED ACTION NEEDED:

This item is on the agenda for presentation, review and discussion only, at this stage.

PRIOR BOARD/COMMITTEE ACTIONS:

None.

YMPO INFORMATION SUMMARY for Agenda Item 8

FY 2019-21 YMPO Unified Planning Work Program Amendment #1

DATE: November 26, 2019

SUBJECT: FY 2019-21 YMPO Unified Planning Work Program (UPWP) Amendment #1.

SUMMARY:

Each year, the YMPO develops the UPWP and Annual Budget in steps, in conjunction with member agency and public input. The Executive Board originally approved the current FY 2019-21 UPWP on May 16, 2019. YMPO staff are submitting Amendment #1 to adjust various programs, fund balances brought forward from the FY 2017 and FY 2019 UPWP to the current program and actual awarded amounts for the current UPWP. These changes are explained in a memo included as part of this Information Summary.

Since the current UPWP was approved, the Arizona Department of Transportation (ADOT) has confirmed federal funds totals that have been brought forward from FY 2019 and updated awarded amounts for the current FY 20 UPWP. The funds brought forward amounts for PL were a bit higher than originally projected. In addition, YMPO did not receive the full amount expected in the original budget for 5310 funds.

In general, brought forward funds were adjusted for the current studies in the work program that are underway or expected to begin in FY 2020. The unexpected expense of the Air Quality Conformity Analysis was programed into the budget using local funds and slightly increased local funds under administration for miscellaneous expenses not refundable with federal dollars. A request for funding the Long-Range Transit Plan has recently been submitted to ADOT, but has not yet been approved

Due to the slight adjustment in brought forward funds, the total Federal and State budget for the UPWP FY 2019-20 has, essentially, reduced compared to the original budget. However, there will still be a balance that we will need to be carry forward to the next fiscal year to continue funding the studies that are scheduled to be started within the fiscal year and carried forward into the next.

PUBLIC INPUT:

No members of the public have addressed either YMPO staff members, the Technical Advisory Committee, or the Executive Board on this subject.

TECHNICAL & POLICY IMPLICATIONS:

TECHNICAL: Funding limitations tend to limit the types of studies that can be submitted for consideration.

POLICY: There are no policy implications except that the final version of the UPWP needs to be fiscally constrained to reasonably available funding sources.

ACTION NEEDED:

This item is on the agenda for review, discussion, and possible action to approve Amendment #1 to the current FY 2019-20 UPWP.

PRIOR BOARD/COMMITTEE ACTIONS:

YMPO INFORMATION SUMMARY for Agenda Item #9

Entity Dues to Member Agencies

DATE: November 27, 2019.

SUBJECT: Entity Dues to Member Agencies

SUMMARY: During the May 2018, Executive Board (the Board) meeting, YMPO staff presented, and the Board approved, a working policy and a procedure for calculating matching funds in the YMPO Unified Planning Work Program (UPWP). The UPWP is usually developed during the January through May timeframe, is reviewed and/or approved by the TAC, the Executive Board and then by the Arizona Department of Transportation (ADOT) and the Federal Highway and Transit Administrations (FHWA and FTA). In May of 2019, a preliminary assessment for entity dues was mailed to member agencies using projected numbers for planning purposes.

Since the preliminary assessment, the final Entity Dues have been assessed considering the changes and approval of the FY 2020-21 YMPO Unified Planning Work Program Amendment #1 (previous agenda item) and recently updated, unofficial, population estimates. Entity Dues have slightly decreased, primarily due to the identification of increased in-kind match revenues, collected from member agencies. Final Assessments will be mailed to member agencies this month after the State Office of Economic Opportunity officially posts the most recent population estimates.

PUBLIC INPUT:

No public comments were made for this process.

TECHNICAL & POLICY IMPLICATIONS:

TECHNICAL: The process used to calculate matching funds and entity dues follows the previously established process.

POLICY: During the May 2018, Executive Board meeting, YMPO staff outlined several steps that lead to the calculation of Local Matching Funds and Entity Dues and the process was approved by the Board. This, effectively, sets the process as YMPO Policy. Currently, there are no recommended changes to that process.

ACTION NEEDED:

This item is on the agenda for information and discussion only at this stage.

PRIOR BOARD/COMMITTEE ACTIONS:

At their meeting on May 24, 2018, the Board unanimously approved the calculation of matching funds as explained during the presentation.

YMPO INFORMATION SUMMARY for Agenda Item 13

YMPO Executive Director's Annual Evaluation

DATE: November 27, 2019

SUBJECT: Executive Director's Annual Evaluation

SUMMARY:

This year, during the Board meeting on October 31, 2019, members expressed the preference to continue with the Subcommittee option used to evaluate Mr. Ward's performance during calendar year 2018. The Chairman duly appointed under consensus two members of the Executive Board, Councilmember Thomas and Vice-Mayor Cruz to form the Evaluation Subcommittee. On December 5, 2019, he met with Councilmember Thomas, Vice-Mayor Cruz and Mr. Ward and completed their evaluation of his performance during calendar year 2019.

A copy of the updated evaluation will be distributed to all members of the Board for their review and comment during the Executive Session. The Chairman and members of the Evaluation Subcommittee will be encouraged to provide their opinions of the Director's evaluation and to answer questions from members. Members will also have the opportunity to ask Mr. Ward's direct questions, if they so desire. Mr. Ward has not requested that his evaluation be heard during Executive Session, but the actual review of Mr. Ward's performance and any questions will most likely occur during Executive Session, as members are freer to provide both positive and/or possibly critical comments during a closed session.

Finally, members will also be requested to discuss any adjustments to the salary and/or benefits package as they see fit.

PUBLIC INPUT:

No members of the public have provided any input on this item.

TECHNICAL & POLICY IMPLICATIONS:
