TITLE VI/ADA NONDISCRIMINATION POLICY STATEMENT

No person will be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any YMPO program or activity. Every effort will be made to ensure nondiscrimination in all of its programs and activities, whether those programs and activities are federally funded or not. YMPO's sub-recipients, grant recipients, and contractors must all comply with this policy.

The YMPO works closely with the Civil Rights Office at the Arizona Department of Transportation, and consultants who work on program responsibilities. Therefore, each program area will take full responsibility for preventing discrimination and ensuring nondiscrimination compliance in all of YMPO's programs and activities.

The Chair signs assurances and delegates full authority to the Title VI Non-discrimination Program Coordinator to oversee and implement Title VI regulations.

4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.

5. That where the Recipient receives Federal financial assistance to construct a facility or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.

6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

7. That the Recipient will include the clauses set forth in Appendix C and Appendix D of this Assurance, as a covenant running with the land, in any future deeds, leases, licenses, permits, or similar instruments entered into by the Recipient with other parties:
   a. for the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
   b. for the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.

   b. the period during which the Recipient retains ownership or possession of the property.

9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance
under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

10. The Recipient agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Acts, the Regulations, and this Assurance.

Male and Female Population Concentrations

Within the Yuma Region, 51.4 percent of the population was male and 48.6 percent was female.

Hispanic/Latino (of any race) Population Concentrations

Within the Yuma Region, 62.9 percent of the population identified themselves as Hispanic or Latino. In the communities of San Luis and Somerton, nearly all residents identified themselves as Hispanic or Latino (96.3% and 96.9% respectively). Map 1 displays concentrations of Hispanic/Latino Populations in the Yuma Region. The orange-colored areas show census tracts with high concentrations of Hispanic Latino Populations relative the Yuma County average. 22 (or 40 percent) of the 55 census tracts have concentrations of Hispanic/Latino population greater than the County average.

White Population Concentrations

Within the Yuma Region, 77.5 percent of the population classified themselves as White.

Black/African American Population Concentrations

Within the Yuma Region, only 2.8 percent of the population identified themselves as Black or African American. The highest concentration of Black/African American population is in the City of Yuma. Map 2 indicates the location of those concentrations. Approximately 33 percent (or 18 out of 55 census tracts) had concentrations greater than the County average.

American Indian/Alaskan Native Population Concentrations

Within the Yuma Region, 2.3 percent of the population was American Indian or Alaskan Native. Not surprisingly, over half of those living the Cocopah and Quechan Indian Communities identify themselves as Native American. However, Somerton and Wellton had larger percentages of Native American populations compared to the County average. Map 3 displays the location of those concentrations. 34 percent (or 19 out of 55 census tracts) had concentrations exceeding Yuma County’s average.

Concentration of those Living in Poverty

20.8 percent of those in Yuma County lived below the poverty level in the past 12 months. Only Wellton and the City of Yuma have a smaller percentage of those individuals living in poverty relative to the region. This data represents all individuals not just those in families. Map 4 shows those concentrations in Yuma County. Approximately 38 percent (or 21 out of 55) of all census tracts in the County had greater concentrations of poverty then the Yuma County average.

DATA COLLECTION AND ANALYSIS

Data Collected from the Census Bureau and other sources are analyzed and used to ensure the minority, low income, and disabled populations are considered in the planning process. YMPO will begin to track with Title VI Survey Cards for Self-Identification Race (Sex and National Origin are not collected currently, maybe in the future).

YMPO in will begin to track Program Areas (Functional Classification, Special Project and Regional Planning, Public Participation, Public Transportation Planning, Administration) by using the survey card process at all meetings. During the RFP Process YMPO will implement a process to track all submittals for studies, reports, and plans to include Auditors and External Accounting firms.

C. Listing of Transportation Committees and Committee Composition

Yuma Metropolitan Planning Organization (YMPO) has responsibilities for transportation planning in the Yuma County, Arizona area and in the Winterhaven, California area, making the YMPO a bi-state Metropolitan Planning Organization. The YMPO consists of an Executive Board, a Technical Advisory Committee, Citizen Advisory Committees, and a small staff.

1. Executive Board

The YMPO Executive Board is responsible for all actions, agreements, and functions carried out by the Yuma Metropolitan Planning Organization. An Executive Director is hired by the Executive Board to administer day-to-day operations and direct YMPO staff. The Executive Board consists of elected officials from the YMPO member agencies: Yuma County, the cities of Yuma, San Luis and Somerton, the Town of Wellton, the Cocopah Indian Tribe, and one member from the State Transportation Board appointed by the Governor.

The Executive Board is also responsible for reviewing and approving the YMPO Title VI Program Plan. A copy of the minutes indicating approval is included as Attachment to this report.

The YMPO Bylaws State, SECTION III: Organization, A. Executive Board, 1. Membership (a) To be an eligible member of the Executive Board, that person must be a duly elected member of a governing body of a unit of local government located in the YMPO area, excepting the member of the Arizona State Transportation Board (who is appointed by the Governor of the State of Arizona). Each unit of local government and the State Transportation Board shall designate the person or persons among its duly elected governing body or, appointed to the State Transportation Board by the Governor, that shall serve as primary member(s) of the YMPO Executive Board. (see Table 3, for Executive Board Characteristics)

2. Technical Advisory Committee

The YMPO Technical Advisory Committee (TAC) has the authority and primary responsibility to conduct technical reviews and analyses regarding all work activities of the Unified Planning and Work Program and Budget and to advise the Executive Board on appropriate actions to be taken. The TAC is composed of technical and/or managerial staff representatives from each of the member agencies. In addition, there are one or more ex-officio, non-voting representatives. (see Table 3, for committee characteristics)

3. Audit Committee

The YMPO Audit Committee is a three-member committee selected of the Executive Board to oversee Federal audit compliance. (see Table 3, for committee characteristics)

4. Citizen Advisory Committees

Specific citizen advisory committees are formed to advise the Executive Board and the Technical Advisory Committee on related matters. Members are selected for their
expertise, as a representative of an organization or interest group, or as a citizen. (Table 3 will have Citizen Committee membership characteristics as needed)

**VI. LIMITED ENGLISH PROFICIENCY (LEP) PLAN**

**YMPO Limited English Proficiency Plan**

The Yuma Metropolitan Planning Organization (YMPO) is responsible for an on-going, cooperative, and comprehensive transportation planning process in Yuma County. This planning process guides the use of federal and state dollars spent on existing and future transportation projects or programs, and the Limited English Proficiency (LEP) Plan plays an integral role in the process. This document will detail the LEP Plan, developed in conjunction with best practice standards for public involvement.

**Introduction**

On August 11, 2000, President William J. Clinton signed an executive order, Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency, to clarify Title VI of the Civil Rights Act of 1964. Its purpose was to ensure accessibility to programs and services to eligible persons who are not proficient in the English language.

This executive order stated that the individuals who do not speak English well and who have a limited ability to read, write, speak, or understand English are entitled to language assistance under Title VI of the Civil Rights Act of 1964 with respect to a particular type of service, benefit, or encounter. It reads in part,

> Each Federal agency shall prepare a plan to improve access to its federally conducted programs and activities by eligible LEP persons. Each plan shall be consistent with the standards set forth in the LEP Guidance and shall include the steps the agency will take to ensure that eligible LEP persons can meaningfully access the agency’s programs and activities.
Not only do all federal agencies have to develop LEP Plans, as a condition of receiving federal financial assistance, recipients have to comply with Title VI and LEP guidelines of the federal agency from which funds are provided.

Federal financial assistance includes grants, training, and use of equipment, donations of surplus property, and other assistance. Recipients of federal funds range from state and local agencies, to nonprofits and other organizations. Title VI covers a recipient’s entire program or activity. This means all components of a recipient’s operations are covered. Simply put, any organization that receives federal financial assistance is required to follow this Executive Order. The US Department of Transportation (DOT) published Policy Guidance Concerning Recipient’s Responsibilities to Limited English Proficient Person in the December 14, 2005 Federal Register. The guidance explicitly identifies MPO’s as organizations that must follow this guidance:

The guidance applies to all DOT funding recipients, which include state departments of transportation, state motor vehicle administrations, airport operators, metropolitan planning organizations, and regional, state, and local transit operators, among many others. Coverage extends to a recipient’s entire program or activity, i.e., to all parts of a recipient’s operations. This is true even if only one part of the recipient receives the Federal assistance. For example, if DOT provides assistance to a state department of transportation to rehabilitate a particular highway on the National Highway System, all of the operations of the entire state department of transportation – not just the particular highway program or project – are covered by the DOT guidance.

The intent of this Limited English Proficiency Plan is to ensure access to the planning process and information published by the MPO where it is determined that a substantial number of residents in Yuma County do not speak or read English proficiently. The production of multilingual publications and documents and/or interpretation at meetings or events will be provided to the degree that funding permits, based on current laws and regulations.

LAWS AND POLICIES GUIDING LIMITED ENGLISH PROFICIENCY PLANS

As part of the Metropolitan Planning Organization certification by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA), the LEP Plan will be assessed and evaluated. The following matrix illustrates these laws, policies, and considerations:

Who is an LEP individual?
As defined in the 2000 United States Census, it is any individual who speaks a language at home other than English as their primary language, and who speaks or understands English “not well” or “not at all”.

Determining the Need
As a recipient of federal funding, the YMPO must take reasonable steps to ensure meaningful access to the information and services it provides. As noticed in the Federal Register/Volume 70, Number 239/Wednesday, December 14, 2005/Notice, there are four factors to consider in Determining "reasonable steps":

- Factor 1: The number and proportion of LEP persons in the eligible service area;
- Factor 2: The frequency with which LEP persons encounter YMPO programs;
- Factor 3: The importance of the service provided by YMPO programs;
- Factor 4: The resources available and overall cost to the YMPO.
The DOT Policy Guidelines gives recipients of federal funds substantial flexibility in determining what language assistance is appropriate based on a local assessment of the four factors listed above. The following is an assessment of need in Yuma County in relation to the four factors and the transportation planning process.

**LEP ASSESSMENT FOR THE YUMA METROPOLITAN PLANNING ORGANIZATION**

**Factor 1: The Number and Proportion of LEP persons in the YMPO Service Area**

The first step towards understanding the profile of individuals that could participate in the transportation planning process is a review of the 2010 Census Data. For planning purposes, YMPO is considering individuals that speak English “not well” or “not at all” and only, the top three language groups are included in the analysis.

Table 1 is derived from the 2010 US Census and shows the percentage of persons that speak English, Spanish, or other language at home. The City of San Luis has the greatest concentration of LEP persons – over 94%. The second highest is the City of Somerton with 93.5%. (other language can be American Sign Language, Cocopah Indian Tribe, Quechan Indian Tribe)

**Factor 2: The Frequency in which LEP Persons Encounter YMPO Programs**

The growing size of the LEP population in this region will likely increase the probability of future contact with the YMPO. There have been several requests in the past to provide publications in Spanish as well as an interpreter for public meetings.

**Factor 3: The Importance of Services Provided by YMPO Programs**

The YMPO programs utilize federal funds to plan for future transportation project and therefore do not include any direct service or program that requires vital, immediate, or emergency assistance such as medical treatment or services for basic needs (e.g., housing or food).

However, the YMPO must ensure that all segments of the population, including LEP persons, have been involved or have had the opportunity to be involved in the transportation planning process to be consistent with the goal of the Federal Environmental Justice program and policy.

The impact of proposed transportation investments on underserved and underrepresented population groups is part of the evaluation process in use of federal funds in three (3) major areas for the YMPO:
• The annual Unified Work Program and Budget
• The four-year Transportation Improvement Program
• The Regional Transportation Plan, covering 23 years

Inclusive public participation is a priority consideration in other MPO plans, studies, and programs as well. The impacts of transportation improvements resulting from these planning activities have an impact on all residents. Understanding and continued involvement are encouraged throughout the process. The YMPO is concerned with input from all stakeholders and every effort is taken to make the planning process as inclusive as possible.

As a result of the Transportation Improvement Program and Regional Transportation Plan, selected projects receive approval for federal funding and progress towards project planning and construction under the responsibility of local jurisdictions or state transportation agencies. These local and state organizations have their own policies to ensure LEP individuals can participate in the process that shapes where, how, and when a specific transportation project is implemented.

Factor 4: The Resources Available and Overall YMPO Cost
Due to current financial constraints, translation of the large plan documents and maps are considered not warranted at this time. However, because of continued growth of the YMPO area and its LEP population, YMPO will create an inventory of language assistance measures that are currently provided and determine what additional services are needed to provide meaningful access to the LEP population. The YMPO will continue its efforts to collaborate with state and local agencies to provide language translation and interpretation services when practical and in consideration of available funding.

MEETING THE REQUIREMENTS
Engaging the diverse population within the YMPO service area is important. The YMPO is committed to providing quality services to all entities and citizens, including those with Limited English Proficiency. Spanish is the most dominant language spoken by LEP individuals in the YMPO service area. All language access activities detailed below will be coordinated in collaboration with the YMPO Executive Board and staff.

Safe Harbor Stipulation
Federal law provides a “safe harbor” stipulation so recipients of federal funding can ensure compliance with their obligation to provide written translations in languages other than English with a greater certainty. A “safe harbor” means that as long as YMPO has created a plan for the provision of written translations under a specific set of circumstances, such action will be considered strong evidence of compliance with written translation obligations under Title VI. However, failure to provide written translations under the circumstances does not mean there is noncompliance, but rather provides for recipients a guide for greater certainty of compliance in accordance with the four-factor analysis.

Evidence of compliance with the recipient’s written translation obligations under “safe harbor” includes providing written translations of vital documents for each eligible LEP language group that constitutes 5% or 1,000 persons, whichever is less of eligible persons served or likely to be affected. Translation can also be provided orally.
The “safe harbor” provision applies to the translation of written documents only. It does not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and reasonable to provide.

Providing Notice to LEP Persons
US DOT guidance indicates that once an agency has decided, based on the four factors, to provide language services, it is important that the recipient notify LEP persons of services available free of charge in a language the LEP persons would understand. Methods for notification may include:

1. Signage that indicates when free language assistance is available with advance notice;
2. Stating in outreach documents that language services are available;
3. Working with community-based organizations and other stakeholders to inform LEP individuals of YMPO services and the availability of language assistance;
4. Using automated telephone voicemail or menu to provide information about available language assistance services;
5. Including notices in local newspapers in languages other than English;
6. Providing notices on non-English-language radio and television about YMPO services and the availability of language assistance; and
7. Providing presentation and/or notices at schools and community-based organizations.

The YMPO will provide Spanish interpreter services, free of charge, at YMPO Executive Board meetings, workshops, public meeting, or events which will be noticed on the YMPO website, if notified seven (7) days prior to needed services. The YMPO defines an interpreter as a person who translates spoken language orally, as opposed to a translator, who translates written language and transfers the meaning of written text from one language into another.

The YMPO can advertise public meeting notices in the Bajo Del Sol newspaper that serves the Hispanic community throughout Yuma County.

Language Assistance
A goal of the YMPO Public Participation Plan is to provide user-friendly materials that will be appealing and easy to understand.

VII. TRAINING

YMPO’s Executive Director/Liaison and Senior Planning Manager/Coordinator receives Title VI Training by ADOT. The Title VI Liaison/Coordinator will provide training to the YMPO staff to ensure they understand the requirements of Title VI and related authorities including the complaint process and the LEP Plan, so staff can assist LEP individuals in person and/or by telephone. YMPO Executive Board members will receive a copy of the LEP Plan and the Public Participation Plan and have access to training to assure that they are fully aware of Title VI requirements, the LEP Plan, and the importance of public outreach.

New members of staff, Executive Board and Technical Advisory Committee (TAC) members are given an initial, formal, briefing on Title VI issues during their first few days;
and after the initial session, further training is included as an integral part of a continuous, implementation phase. This allows our staff, Executive Board and TAC members, and members of the public, to be informed of any changes in policy and/or emphasis that might be forthcoming from time to time from Federal Authorities and ADOT. The implementation phase also includes opportunities to remind members, at the beginning of any Board or TAC meetings or at the kick-off meetings for any new studies or plans that YMPO might commence, of the need for continual awareness of the importance of non-discrimination.

VIII. PROGRAM AREAS

A. Transportation Planning

The purpose of the YMPO’s Transportation Planning Program is to assure that transportation and air quality planning and related issues and the implementation of projects, are effectively identified and coordinated by local, state, federal agencies, and the general public.

Management of the planning process is under direction from the YMPO Executive Board through the Executive Director. It is the function of the Executive Board to act as a policy body coordinating transportation planning, traffic engineering, and air quality conformity and related implementation activities within the overall regional comprehensive planning process.

The YMPO Technical Advisory Committee (TAC) provides review and input, as appropriate, and works closely with the YMPO’s staff, providing guidance for development of all work activities.

The primary products of the Transportation Planning Process are preparing a 23-year Regional Transportation Plan, a 5-year Transportation Improvement Program, and the Air Quality Conformity Report.

B. Other Activities/Programs

1. Administration
2. Highway Performance Monitoring System (HPMS) Data
3. Functional Classification
4. Special Project Planning
5. Regional Planning
6. Public Participation Plan (PPP)
7. Public Transportation Planning
8. Environmental Overview
9. Capital Expenditures

The YMPO Title VI Chief Officer, Executive Director/ Liaison and the Title VI Coordinator will provide review of the transportation related program areas to help ensure Title VI compliance in their programs and activities. Review will be an ongoing effort that will encourage the YMPO to view which program might need extra efforts to reach out the public.

IX. DISSEMINATION TO THE PUBLIC

Through its Public Participation Plan, YMPO makes every effort to reach the public to include them in the planning process. A copy of the Public Participation Plan is included in this document.

B. Public Notice – A copy of the Public Notice is included as an Attachment. YMPO’s Notice to the Public is posted in its offices and on its website.

Individuals needing additional information on YMPO’s Title VI Nondiscrimination Program or ways to file a complaint or obtain additional information may contact:

The MPO’s axiom is “Local Governments and Citizens Working Together”. The public input process used by the YMPO has many components. First, the elected representatives on the Executive Board receive citizen input from their communities in many ways. All have Call to the Public on their agency agendas and get direct input at that time. Several hold regular neighborhood meetings or lunch meetings to be available to their citizens to answer questions and receive input. In turn, the agency representatives carry forward this information to the YMPO Executive Board meetings and the Technical Advisory Committee meetings for discussion. The YMPO Executive Board meetings are open to the public, with agendas posted 24 hours in advance, and an item identified as Call to the Public is on the agenda of each meeting providing a specific forum for citizen input.

Additionally, YMPO conducts official public meetings that are advertised and held on specific agenda items, including but not limited to the 5-Year Transportation Improvement Program (TIP), the 23-Year Regional Transportation Plan (RTP), and the Unified Planning Work Program and Budget (UPWPB). At times, the public meetings have been held twice on the same day--once in the afternoon, and again in the evening--and at as many as six separate locations. YMPO conducts these public meetings in this manner to provide citizens ample opportunity to provide input. Moreover, YMPO staff will place in The Yuma Sun (a local newspaper) an advertisement in both English and Spanish prior to the final public meeting on the Regional Transportation Plan showing principal elements of the Plan and requesting comments. At the public meetings, YMPO staff solicits and accepts written comments as well. This solicitation is designed to target minority groups that typically do not respond to newspaper postings.

Moreover, YMPO will conduct an additional round of public meetings to seek input on
technical analyses or alternatives that are defined as a result of the initial public input phase. For the RTP, YMPO will conduct a second series of public meeting at the same sites, and consultants performing transportation studies on the behalf of the YMPO will conduct similar public meetings. Finally, YMPO will send out letters of invitation for both sets of public meetings for the RTP. The process is described in further detail in the Public Participation Plan.

X. ENVIRONMENTAL JUSTICE (Executive Order 12898)

YMPO is committed to achieving Environmental Justice in its programs and activities. In accordance with the provisions of EO 12898, YMPO will consider minority and low-income populations in its planning process to minimize and mitigate any adverse health, safety, or economic effects on those populations.

The fundamental principles of Environmental Justice in DOT can be found at [www.fhwa.dot.gov/environmental_justice/facts/ejfaq.cfm](http://www.fhwa.dot.gov/environmental_justice/facts/ejfaq.cfm)

XI. CONTRACTS AND SOLICITATIONS

YMPO contracts for some planning activities and professional services. The YMPO obtains consultant support by using a Request for Proposal (RFP) or Request for Qualifications (RFQ) procedure. Prior to advertising the RFP or RFQ, the YMPO will submit project information to ADOT who will determine a Disadvantage Business Enterprise (DBE) and/or race neutral goal(s). The requests are advertised with the DBE goal(s), and a compact list of qualified applicants is determined from the proposals submitted. A selection committee is formed, interviews with the short-listed consultants are held, and a consultant is chosen. The Executive Board must approve a contract before the Executive Director is authorized to sign it. Purchases less than $2,500 may be done at the discretion of the Executive Director. Three verbal quotes are required for purchases more than $2,500 and less than $50,000. For purchases between $50,000 and $100,000, three written quotes are required. The Executive Board must authorize purchases greater than $100,000 and must use sealed bids.

The consultants are required to conform to all Title VI provisions and those provisions specifically included in Request for Proposals and in the Contract for Services.

A. Request for Proposal

1. Solicitation

   Respondents are notified that Disadvantaged Business Enterprises are encouraged to submit proposals to this request. The YMPO will ensure during the consultant selection process and award process, those respondents to this request will not be discriminated against based on sex, race, age, color, disability, creed, or national origin.

2. Qualifications and Selection Process

   The choice of a consultant/firm will be determined by the applicants’ technical merits
and will be based on a combination of factors, including but not limited to the following: (1) Education of the staff assigned to the project, experience of the firm, the assigned project manager, and the assigned staff relative to the desired work; (2) References of bilateral processes or agreements from past clients to gauge competence, technical understanding of the issues, procedures, and tasks accomplished in reaching the objective; (3) Direct experience; 4) Project understanding and approach; and (5) the YMPO’s has adopted ADOT’s current race neutral Disadvantaged Business Enterprise program. Based on the above technical factors, the YMPO’s selection committee will rank the submitted proposals. The consultant/firm ranked highest will be chosen for negotiation of a final cost, at which time the Review Committee may review the attached cost estimates.

B. Contracts

**Other Responsibilities of Consultant**

The CONSULTANT shall comply with, at its own expense, the provisions of all local, state, and federal laws, regulations, ordinances, requirements, and codes that are applicable to the CONSULTANT as an employer of labor or otherwise. The CONSULTANT shall further comply with all laws, rules, regulations, and licensing requirements pertaining to its professional status and that of its employees, and shall require the same compliance of partners, associates, subcontractors, subconsultants, and others employed or retained by it rendering any services hereunder. The Title VI Coordinator will review all documents for any and all CONSULTANT contracts, Memorandums of Understanding (MOUs), and Intergovernmental Agreements (IGAs) to assure that the Title VI language and appendices A-E are contained in the document.

XII. COMPLIANCE AND REVIEW PROCEDURES

A. **Sub-recipient Review Procedures**

The YMPO will review sub-recipient contracts, data collection, and analysis efforts and will interview staff to help ensure compliance with Title VI and subsequent authorities. YMPO does not have any sub recipients at this time.

XIII. PROJECT EFFECTS AND BENEFITS

The effects and benefits of YMPO projects, generally, are that transportation within the planning area is improved and that coordination has taken place among all agencies, assuring development of a complete, dependable, efficient, safe, aesthetically pleasing, and economical transportation system. It is a system that will provide safer and smoother traffic flow, will reduce fuel consumption, will optimize the use of citizens’ personal and tax money, and will increase the efficiency of the existing transportation system. All citizens of the YMPO Planning Area benefit from these improvements.

XIV. LAWSUITS ALLEGING DISCRIMINATION

YMPO has had no lawsuits, investigations, or complaints during the past three years. All the member agencies have been contacted, and none reported any lawsuits, claims, or complaints filed against them for discrimination relating to transportation and/or public transit. A complaint log, a copy of which is attached, will be maintained should any of
these occur.

XV. FEDERAL ASSISTANCE PROGRAMS

The YMPO presently receives yearly grants of Federal Transit Administration Planning Section 5303, grant funds in addition to and MAP21 Surface Transportation Program (STBG), SPR, and PL funds. Eligible entities within the YMPO planning area receive Section 5310, 5311, 5316, and 5317 which the 5310, 5316, and 5317 have been combined into one source of funds in competing for the grant statewide.

XVI. COMPLIANCE AND ENFORCEMENT PROCEDURES

YMPO is committed to nondiscrimination in its programs and activities, and YMPO will enforce Title VI and related authorities and make every effort to identify and eliminate discrimination when it is found to occur. In the event that a complaint is made, the Title VI Coordinator will determine which program area is identified FTA or FHWA as the complaint. The Coordinator will then proceed to contact the necessary Federal and State agency depending on the program area of complaint. The Title VI Coordinator will for FTA program area components will Upon receipt of a completed complaint, YMPO will determine jurisdiction acceptability or need for additional information. Once the determination has been made to accept the complaint for investigation, ADOT CRO will be notified within 72 hours. Title VI complaints against YMPO sub-recipients, contractors, or consultants in FTA funded programs will be investigated by YMPO.

If during the investigation additional training is recommended to any YMPO Staff, sub-recipient, contractor, or consultant, the YMPO will administer training to correct the possible complaint. In the event, the YMPO Coordinator/Liaison determines that ADOT CRO needs to intervene for higher level training then ADOT CRO will be notified as to the next phase of mentioned training as recommended.

PUBLIC PARTICIPATION PLAN

I. PURPOSE

The purpose of a public participation plan is to ensure a proactive public involvement process that assures the opportunity for the public to be involved in all phases of the planning process by providing complete information, timely public notice, opportunities for making comments, full access to key decisions, and early and continuing involvement in developing transportation plans and programs.

Within these programs, the following components are defined for the purpose of establishing the proper participation protocols:

A. Transportation Improvement Program (TIP): The Transportation Improvement Program represents the project selection document for federally-funded projects. Project priorities are indicated by the year the project is programmed. For federally-funded projects, the year programmed as indicated in the TIP refers to the Federal fiscal year ending September 30. Under federal guidelines, the TIP is a sequential, multi-year (3-5 years) program of transportation projects which is consistent with and implements the goals and objectives as described in the approved Regional Transportation Plan.

B. Regional Transportation Plan (RTP): This long-range plan (covering a span of 23 years) developed under Federal Transportation Planning Guidelines is designed to provide the continual development of a complete, dependable, efficient, safe, aesthetic, and economical regional transportation system.

C. Air Quality Conformity Analysis (AQCA): The YMPO has the responsibility to ensure that the transportation plans and programs within the YMPO planning boundaries conform to the state and national air quality plans and standards. Specifically, the emissions generated from proposed projects in the YMPO’s five-year Transportation Improvement Program and the twenty-three-year Regional Transportation Plan must be consistent with and conform to air quality standards. The YMPO is required to undertake an air quality conformity analysis for two specific reasons: (1) to ensure that transportation investments (projects), strategies and programs, taken as a whole, have air quality impacts consistent with and conforming to state and national air quality plans and standards; and (2) to ensure that neither the transportation system as a whole nor individual transportation projects cause new air quality violations or worsen existing conditions.

D. Environmental Documents (ED): Those documents developed by the YMPO that relate directly to environmental policy.

E. Regional Transportation Coordination Plan (RCP): The plan is meant to establish goals, criteria, and strategies for delivering efficient, coordinated services to elderly, underemployed, or otherwise financially disadvantaged persons and persons with disabilities.

II. PUBLIC PARTICIPATION

To participate is to express one’s self at the proper time and in the proper forum. Public participation means participation in planning by people (public) outside the Yuma Metropolitan Planning Organization (YMPO) and its member entities, by planning and engineering professionals and by those who are not professional planners or government officials. It is a process of taking part in the transportation planning and decision-making that affect the community.
The YMPO efforts to secure participation will be targeted to stakeholders, who are individuals or entities that could be significantly affected by the transportation plan recommendations or could significantly influence implementation. Stakeholders include but are not limited to: the general public; low income, minority and disabled communities; neighborhood representatives; chambers of commerce; special transportation interests such as freight shippers, transit users and bicycle organizations; local officials; military installations; and federal and state transportation agencies.

A. Why the YMPO needs the public involved in Transportation Planning:

1. The public has the right to have a strong voice in all matters of public policy, including planning.

2. Only the public can provide the information needed to develop, maintain, and carry out an effective transportation plan. Planning staff, consultants and local officials need comments from those who know the community best: the people who live and work there.

3. Involvement informs and educates the public about transportation planning and creates an informed community, which in turn leads to better planning.

4. Participation gives the public a sense of ownership of the plan. It fosters cooperation among the public and between them and the YMPO.

B. The public participation plan contains the following elements:

1. Involvement Opportunities
   Provide the opportunity for the public to be involved in all phases of the planning process. See Sections III, VI, and VII for details.

2. Communication
   Establish mechanisms for maintaining communications between the public and local officials such as processes like mailings, legal ads, displays, and newsletters. See Section IV for details.

3. Information
   Assure that technical information is available and in simplified, understandable form. See Section V for details.

4. Response to Public Input
   A description of the methods used to respond to comments from the public. See Section VIII for details.

5. Advisory Committees
   The use of the committees and the means of providing a cross-section of affected citizens on the advisory committees. See Section IX for details.

III. PUBLIC PARTICIPATION PROCESS

To have a proactive public involvement process, the YMPO will provide a public comment period of 30 days on the proposed public participation procedure to be used in transportation planning process. The procedures will inform the public about how, when, and where they may participate. Public notification will be as provided in Section IV.

IV. PUBLIC NOTICE

A. Official notification of meetings, hearings, or other significant events will be provided in the following manner:
1. Publication will be at least thirty (30) days prior for public hearings and an adequate period for public meetings. An explanation of the content, along with the date, time and the place of the meeting will be published in both English and Spanish at least once in a newspaper of general circulation in the Yuma area.

2. The official notice will be published as a display advertisement in the non-legal section of the newspaper.

B. The YMPO will also utilize the following techniques to disseminate the information to a larger audience:

1. Information regarding meetings and events will be placed on the YMPO web site: [www.ympo.org](http://www.ympo.org)
2. Public Service Announcements and interviews on radio, government cable, and television to explain subject matter and promote participation.
3. Articles and Press Releases for the newspaper or other widely circulated publications.
4. Mass mailings through utility bills or other documents that are periodically issued to the community at large.
5. Use of advisory committees for community involvement.
6. Informal presentations at regional sites, open houses, round tables, or other community forums.
7. Formal presentations to various service clubs, civic, and professional groups.
8. Mailings to select individuals, groups, or interests that have expressed interest or made comments at meetings.

V. ACCESS TO INFORMATION

The YMPO will provide the public with reasonable and timely access to technical and policy information relating to the data or content used in the development of transportation plans, programs, and projects. Standard documents will be available on the YMPO web site www.ympo.org and at the YMPO office 502 S Orange Ave. during normal working hours. Copies of draft plans will also be placed at the main branch location of the Yuma County Library District.

VI. PUBLIC MEETINGS

Public information meetings will be held at various Yuma area locations to inform the public of the planning process and to solicit ideas, input, and feedback. Public hearings and public information meetings will be held at locations accessible to and at times convenient to minority and disabled residents. The intent of holding public informational meetings at diversified locations is to solicit broad public comments. General locations of meetings will be in the City of San Luis, City of Somerton, City of Yuma, Yuma County Foothills, and Town of Wellton.

Notice of public hearings and public informational meetings will be given in accordance with and as listed in Section IV. A reasonable attempt will be made to notify organizations representing minority and disabled people and a request made that they provide their members with meeting notice and information.

Special arrangements will be made to accommodate persons with disabilities, low income, and people who do not speak English. For those without transportation and the disabled, the YMPO may provide free transportation via public transit to the meetings. Interpreters will be provided to accommodate Spanish-speaking individuals.

YMPO is using the GoTo Meeting platform to conduct meetings for the COVID-19 (SARS-CoV-2 Virus). This means enables the YMPO to conduct business to the best practices of social distancing. This will remain a viable platform for all meetings and disseminating information to the public on a Virtual Reality Media Platform.

VII. VISUALIZATION

In order to ensure that the public is able to visualize the potential impact of any transportation or planning project, the YMPO will provide visual aids at public meetings and/or at the YMPO office. The visual aids may include but are not limited to the following types:

A. Power Point Presentations
B. Story Boards
C. Project Renderings
D. Regional and Project Level Maps
E. Satellite Photos
F. Project Site Photos
G. Charts and Graphs
H. “Before and After” Depictions

VIII. OPPORTUNITIES FOR PARTICIPATION

The YMPO will take a proactive approach to providing the opportunity for the public to be involved early and with a continuing involvement in all phases of the planning process. Extensive public notice will be undertaken of public information meetings and hearings as listed in Section IV and access to information as listed in Section V. Prior to the beginning of the public participation
process, a list of names and addresses of citizens and organizations will be developed that will be contacted on a continued basis to serve as a base of interested citizens for input and comment. This list will be expanded as additional citizens attend the informational public meetings and make comments.

IX. CONSULTATION WITH REGIONAL PARTNERS

YMPO will coordinate meetings with local, state, regional, and tribal entities that are affected by its planning projects. For example, the YMPO may host a meeting(s) to review and receive comment concerning transportation-related projects in addition to mass mailings and all other official comment periods. Below is a general list of the regional partners that should be invited to participate, and the list should be updated to reflect changes in federal and state transportation planning regulations.

A. Arizona Department of Transportation Office of Environmental Services
B. Cocopah Indian Tribe
C. Quechan Indian Tribe
D. Bureau of Indian Affairs
E. Arizona Department of Environmental Quality
F. Arizona Game and Fish Department
G. Arizona State Historic Preservation Office
H. Marine Corps Air Station Yuma
I. U.S. Army Yuma Proving Grounds
J. U.S. Fish and Wildlife Service
K. U.S. Environmental Protection Agency
L. U.S. Army Corps of Engineers
M. U.S. Department of the Interior (the Bureaus of Reclamation and Land Management)
N. Federal Highway Administration
O. Arizona Department of Transportation
P. U.S. Forest Service
Q. National Park Service
R. Arizona Department of Water Resources
S. Arizona State Land Department

This list assumes that the local government agencies that comprise the YMPO TAC and Executive Board membership are automatically included in a Regional Partners list.

X. RESPONSE TO PUBLIC INPUT

Responses to questions and comments from the public concerning the public participation process, draft transportation plans, programs, or public agency consultation process will be made directly to the individual by letter or telephone call or by way of a periodic newsletter. A summary analysis and report on disposition of comments will be made a part of the final plan. Rationale for policy decisions will be available to the public in writing if requested.

XI. ADVISORY COMMITTEES

Advisory committees will be formed to advise the YMPO Executive Board and staff in the preparation and review of public participation plans, transportation plans, programs, and other related matters. There are two types of committees:

A. The Technical Advisory Committee (TAC) is a permanent committee that is composed of technical, planning, and or managerial staff representatives from each of the participating agencies of the YMPO. The membership of ten is as designated by the member agencies and
number of members is fixed. In addition, there are ex-officio non-voting members from the Marine Corps Air Station, Bureau of Indian Affairs, Yuma County Intergovernmental Public Transportation Authority, and the Yuma Airport Authority. The TAC has an area representation makeup. Subcommittees of the TAC will be utilized to study issue areas not requiring the full TAC participation.

B. Specific citizen advisory committees will be formed on an ad hoc basis; members will be selected for their expertise, interest, or as an affected stakeholder. Examples are representatives of interest groups, transportation agencies, minorities, disabled, or representatives of geographical areas, such as neighborhood associations. The number of committee members will vary with the purpose for which the committee is formed. All committee members will have an equal voice in deliberations.

Examples of ad hoc advisory committees include: Transit Committee; Yuma County Transportation Consortium; Port Authority Formation Committee; Yuma County Pedestrian Safety Task Force, and Regional Transportation Plan Committee.

XII. TITLE VI

As part of the transportation planning process to meet the requirements of Title VI and to better serve the community the YMPO will reach out to the disadvantaged to ensure participation. Members of the Executive Board of the YMPO will continue to hold localized meetings in their respective areas where transportation issues are discussed. Advertising for major public meetings will be in both English and Spanish. Citizens that express interest or make comments at a public meeting will be put on a mailing list to be notified of other meetings and any proposed actions. For those without transportation and the disabled, the YMPO will provide free transportation via public transit to the meetings. A reasonable attempt will be made to notify organizations representing minority and disabled people and a request made that they provide their members with meeting notice and information. Attempts to have minority and disabled citizen representation on advisory committees will be made. Native American representations in the planning process is assured because the Cocopah Indian Nation is a full member of the YMPO and have direct involvement in transportation decisions.

XIII. AMENDMENTS

Substantial changes or amendments to a transportation plan will be done only after the public has been notified of an intent to modify the plan, and only after the public has had 30 days to review and comment on the proposed substantial changes. Notice, access to information and all public meetings will be in accordance with and as listed in Sections IV, V, and VI, respectively.

XIV. EXECUTIVE BOARD ACTION

The Executive Board of the YMPO will hold the final public hearing on the transportation plans. Notice of the time and place of the Public Hearing will be provided in accordance with the notification requirements listed in Sections IV, V, and VI. Following the Public Hearing, the adoption of transportation and related plans will be by Resolution of the Executive Board.

XV. FOLLOW UP

This is the initial effort of the YMPO to formalize the public participation process for transportation and related plans. This document establishes the basic techniques for disseminating the information to the public and engaging the citizens in interactive discussions about the transportation planning process. The YMPO will continue to identify and pursue other ways to
increase public knowledge and participation. A review of the effectiveness of the public involvement process will be made on a tri-annual basis.
