In addition, this item provides an opportunity for comments by the public on subjects *not* on the agenda. Individuals wishing to address the Board need not request permission in advance and are limited to three (3) minutes. Any members of the Public attending by teleconference are requested to contact YMPO staff with any questions they may have prior to the meeting.

4. Consent Agenda

- A. Approval of the May 25, 2023, Board Meeting Minutes
- B. YMPO Income/Expenditure Report for May 2023

Ms. Dale advised there was a correction to the May meeting minutes to reflect the correct address of the YCIPTA property purchase in the City of Yuma.

MOTION: Supervisor Pancrazi moved to approve both items A and B as amended. Councilmember Morales seconded and the motion was unanimously approved.

5. FY 2022-26 YMPO Transportation Improvement Program (TIP) - Amendment #8 Crystal Figueroa, YMPO Executive Director, informed the Board that the FY 2022-26 YMPO TIP was initially approved on July 29, 2021, and had since been amended seven times and requires another amendment. She mentioned TIP Amendment #8 needed to add twelve FTA 5310 preliminary awarded projects on May 31, 2023, for FFY 2023 for Transit to move forward with award authorization. These awards apply to year one of a two-year application cycle for service providers.

MOTION: Councilmember Morales moved to approve Amendment #8 of the FY 2022-26 TIP. Councilmember Shelton seconded and the motion was unanimously approved.

6. FY 2024-28 YMPO Transportation Improvement Program (TIP)

Ms. Figueroa explained there were two aspects to this agenda item. Firstly, the FY 2024-2028 YMPO Transportation Improvement Program (TIP) was developed based on guidance provided by Federal, State, and regional authorities. The TIP is produced every two years and encompasses a five-year time frame. YMPO TAC members submitted projects within the Yuma County area for possible inclusion into the TIP. She mentioned that it is a multi-agency listing of all Yuma County transportation improvements, encompassing YMPO's planning boundary. These projects target funding from Off-System Bridge, Carbon Reduction (CRP), and Surface Transportation Block Grant programs.

Secondly, an amendment to the FY 2022-2045 YMPO Long-Range Transportation Plan (LRTP) is required to allow the Yuma County Avenue E/D project to extend two additional miles from County 18th to County 16th. Since it is a federally funded project, ADOT is reviewing the environmental clearance for the corridor. However, Ms. Figueroa informed the Board that the FY 2022-2045 YMPO Long-Range Transportation Plan only identifies the project to County 18th. The amendment is necessary to extend the project to County 16th to allow the Yuma County Avenue E/D project to move forward with the design and right away acquisition programmed in FY 24, including an update to the regional conformity analysis for the identified two miles for the project to move forward. She mentioned that the updates necessary would cost approximately \$10,000 - \$15,000 and explained that YMPO does have contingency funds available for unforeseen activities. In addition, she added that since the LRTP Update will take approximately 15 months to complete, an Amendment to the current LRTP was necessary to prevent project delays.

Ms. Dale presented some corrections needed to the FY 2024-28 TIP. YMPO staff added a functional road classification key to page 19 of the TIP for clarification on the description of the function class for each project listed. YMPO Staff and ADOT Southwest District Engineer agreed that the ADOT FY24 Port of Entry project needed to be removed from the TIP since the project entailed five different locations in the State not only in the YMPO area and was not considered a regionally significant project and therefore should not be included in the TIP. Lastly, YMPO staff was advised by ADOT to remove the twelve 5310 Transit projects listed on page 25 of the TIP, as these were already included in the FY 2022-26 TIP Amendment #8 in the previously presented item.

MOTION: Supervisor Pancrazi moved to approve the FY 2024-28 TIP with corrections and adopt Resolution #155 of the FY 2024-28 TIP. Supervisor Porchas seconded and the motion was unanimously approved.

MOTION: Supervisor Porchas moved to approve Amendment #1 to the FY 2022-2045 LRTP. Supervisor Pancrazi seconded, and the motion was unanimously approved.

7. YMPO Technical Advisory Committee (TAC) – New Appointments

Ms. Chavez provided three TAC member appointment official notifications. It included the following: Cocopah Indian Tribe appointed Mr. Allen Heck as its representative. The City of Somerton requested a change to their nominated attendee. As stated in the YMPO By-Laws, the City Manager holds the position; however, Mr. Louie Galaviz has appointed the new Public Works Director, Charles Gutierrez, as the City of Somerton representative and Saul Albor as the Alternate for the YMPO TAC. The City of Yuma designated Erika Peterson, Associate Planner for the Director of the Department of Planning and Neighborhood Services as its alternate representative.

8. Possible Regional Project Priority List for 2024

Ms. Figueroa said that at the previous Board meeting, the Board was informed about the successful 2023 State Legislative process of HB2543 for Greater Arizona Transportation Priority Projects by the Rural Transportation Advocacy Council (RTAC). The bill contained approximately \$39 million for projects in the Yuma region, which was awarded to the US 95 projects.

Following the last two years, the RTAC has advised the Arizona budget appears to be producing surplus funds once more. The RTAC suggested that member agencies develop another list of possible projects for consideration for state funding which they estimate at \$400 million statewide, to include a possible ask of \$100 million for the SMART fund.

Ms. Figueroa provided a tentative schedule for producing the YMPO's regional priority project list for this endeavor in coordination with the YMPO Technical Advisory Committee. The goal is to present a State combined list of Greater Arizona projects to State Legislators at the Rural Transportation Summit in October for their support.

9. FY 2023 Audit Schedule

YMPO Accountant Ms. Dale explained the FY 2022 Audit was completed and presented to the Board, by the auditing firm Walker and Armstrong, during the January 2023 Board meeting. She reported that YMPO Staff was now preparing for the FY 2023 Audit. YMPO will continue to utilize the services of Walker and Armstrong to conduct the audit, and the Pun Group, who are YMPO's accountants, will prepare YMPO's financial records for the coming fiscal year.

On June 26 and 27, 2023, a team from Walker and Armstrong visited the YMPO offices to review internal controls and complete preliminary work. Ms. Dale presented a proposed schedule for completing the FY 2023 audit to the Board for information. Ms. Dale stated YMPO intends to apply for the Certificate of Achievement for Excellence in Financial Reporting from the Government Finance Officers Association.

10. Transportation Studies in the FY 2024-2025 YMPO UPWP

Ms. Figueroa explained that the YMPO FY 2024-2025 Unified Planning Work Program (UPWP) was approved by the Board last month and this month by ADOT and appropriate federal transportation authorities. The UPWP contained five transportation studies totaling \$780,000. The studies include the Safety Plan, Long-Range Transportation Plan (LRTP), Federally Funded Program, Complete Streets Study, and Roads of Regional Significance. The Safety Plan Update may be included as a component of the LRTP scope of work similar to the previous FY 2022-2045 LRTP to allow cost-benefit savings.

In addition, there is a possibility to include additional contractual work as competitive programs emerge, such as the Transportation Alternatives Program. This program is a 10% set aside of the Surface Transportation Block Grant for projects that help build various smaller-scale alternative transportation projects such as bicycle lanes. She suggested funds could be used to hire a consultant to apply for the competitive grant programs on our member agency's behalf, similar to the effort done through the Highway Safety Improvement Program (HSIP) for safety application. That effort yielded \$18 million for the region, and the consultant cost was approximately \$40,000.

Supervisor Pancrazi and Administrator Fenske agreed that was a good rate of return for the effort.

Ms. Figueroa advised that the local Yuma Region Bicycle Coalition has been involved in discussions regarding the Transportation Alternatives Program as a non-profit organization eligible for such funds. Ms. Figueroa provided a proposed schedule for the upcoming studies.

11. The Transportation Alternatives Program (TAP)

YMPO IT Manager Jeff Heinrich explained that the Transportation Alternative Program (TAP) encompasses a variety of small-scale transportation projects, including pedestrian and bicycle facilities, recreational trails, safe routes to schools, and improvements such as historical preservation, vegetation management, and environmental mitigation. This program has been a portion of the Surface Transportation Program and the Surface Transportation Block Grant program (STBG) that replaced it for many years. During MAP-21, and under the

FAST Act, the allocation of funds through the TAP was deemed insufficient for the smaller MPOs and Councils of Governments in the State (including YMPO) to run an effective program, so the funds available through the TAP were wrapped into the STBG funds allocated to these agencies. However, as part of the Infrastructure Law, the TA funds have significantly increased to \$1.4 billion nationally. ADOT expects to receive up to \$18.4 million under this FY 2022-2026 program. ADOT has started developing a program guidebook, which YMPO will send to member agencies once finalized. ADOT plans to release a call for projects in July 2023. Mr. Heinrichs reviewed the scheduled outline, where a call for projects is expected on July 17th and will remain open for eligible applicants to apply until late August. In September, the projects will be screened by ADOT and reviewed by the TA Committee composed of MPO/COG Directors. The committee will then make project recommendations to the State Transportation Board for final award determination.

The projects submitted can be for planning, design, construction, and educational programs. The intention behind presenting this information is that the process will be fast once the call for projects occurs.

12. Yuma County & YMPO Intergovernmental Agreement (IGA) Update

Ms. Figueroa said that during last month's Executive Board meeting, YMPO staff reported that Yuma County and YMPO discovered there is no current Intergovernmental Agreement (IGA) between Yuma County and the YMPO for Treasurers, Finance, and Human Resources Services. YMPO and Yuma County staff met on June 15th to discuss YMPO's needs and continued support for donated services. Yuma County agreed to continue to provide certain donated services to YMPO and would let YMPO know if they desire a new IGA between us.

Ms. Figueroa asked the Board that if Yuma County requests an IGA, the Board gives the YMPO Executive Director authority to negotiate the IGA on their behalf.

MOTION: Councilmember Morales moved to grant YMPO Executive Director to negotiate an IGA with Yuma County, if need be. Supervisor Pancrazi seconded, and the motion was unanimously approved.

13. AZ SMART Fund Update

YMPO Chairman and State Transportation Board (STB) member Knight reviewed the latest activities of the Arizona State Match Advantage for Rural Transportation (AZ SMART) Fund. This competitive discretionary funding source assists eligible cities, towns, counties, and the Arizona Department of Transportation (ADOT) in competing for federal discretionary surface transportation grants. This program is divided into five separate funding categories, which are determined by population.

He reviewed the awards given at the last STB meeting that occurred in May, 2023. No projects were submitted for the ADOT, municipalities less than 10,000, or counties less than 100,000 categories. Municipalities greater than 10,000 had the most requests for funding. Bullhead City was awarded \$3 million, Gilbert was awarded \$377,058 and Sierra Vista received \$219,722, for a total of \$3,496,780. The STB received one request in the counties 100,000 or greater category, which was awarded to Coconino County in the amount of \$600,000. There is still a substantial amount of funds left available in that category as well as the three categories that have had no submittals.

As of July 1, 2023, there will be another \$2.5 million added to each of the five funding categories. Chairman Knight urged the town of Wellton and any other municipalities under 10,000 to submit a grant request. The Yuma County Administrator offered to help municipalities within Yuma County apply for this grant opportunity to be used to provide the means to apply for other federal grants.

Ms. Figueroa provided the example of the City of San Luis which successfully applied for AZ SMART funds for reimbursement of design and engineering services. The AZ SMART fund can be used to develop a project, apply for, or provide local, non-federal match on a federal grant.

14. Staff Hiring Update

Ms. Figueroa said YMPO is in the process of hiring a new Senior Transportation Planner. A few applications are currently being reviewed. She reported that YMPO's IT Manager Jeff Heinrich's hours have increased from 20-30 hours a week as he has taken over the Traffic Count program responsibilities. The Chairman asked Jeff if he was interested in becoming a Planner, and Mr. Heinrichs said yes, that it would be a challenge but would be interested in learning planning activities. Ms. Figueroa suggested that there was additional planning work to give Jeff to take him to full-time status. The Board confirmed that staff decisions were up to the Director's discretion and were aware of the need to assist in planning activities. Ms. Figueroa stated that other responsibilities of the position were divided among other staff while she recruited the Senior Planner. She anticipates the completion of their search by the end of July.

YMPO INFORMATION SUMMARY for Agenda Item 5 2023 RAISE Grant and Additional Funding Opportunities for US 95

DATE: July 27, 2023

SUBJECT: 2023 RAISE Grant and Additional Funding Opportunities for US 95

SUMMARY:

The Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Discretionary Grant program provides the Department of Transportation (DOT) an opportunity to invest in transportation infrastructure projects. In partnership with ADOT, the YMPO was the lead applicant for safety improvements to US Highway 95 along Wellton-Mohawk Canal to Aberdeen Rd Planning Grant in Yuma County for \$8.5M. On June 27, 2023, Arizona Senators announced the Department of Transportation RAISE grants awards for transportation projects in Arizona, and the safety improvements on US 95 project was selected; funding will facilitate the complete design of the remaining three segments of US 95 and make it shovel-ready for construction.

To supplement the RAISE grant funding, ADOT has agreed to apply for \$4M of the ADOT AZ SMART Fund and is expected to go to the State Transportation Board for possible approval in August.

In addition, additional funding opportunities continue to be explored for the Board's number one regional priority project, US 95 widening. The Multimodal Project Discretionary Grant (MPDG)program (Mega, Infra, and Rural) funding released on June 26, 2023, was identified as a potential funding opportunity for construction. However, an assessment by the grant writer indicated a list of needs to consider and that it was best to strategize for a future MPDG application and grant opportunities.

PUBLIC INPUT:

No members of the public have commented on this request, to date.

TECHNICAL & POLICY IMPLICATIONS:

TECHNICAL: The 2023 RAISE Grant and AZ SMART funds will fully fund the design of the remaining phases of US 95. The project is anticipated to begin in August 2023 with a final design and be shovel ready for construction funding opportunity.

POLICY: The region utilized local funds to apply for federal Grants.

YMPO INFORMATION SUMMARY for Agenda Item 7 Regional Project Priority List for 2024

DATE: July 27, 2023

SUBJECT: Regional Project Priority List for 2024

SUMMARY:

Following the previous successful 2023 State Legislative process of HB2543 for Greater Arizona Transportation Priority Projects by the Rural Transportation Advocacy Council (RTAC), which contained approximately \$39 million for projects in the Yuma region. The RTAC has reported that the budget surplus for the coming 2024 fiscal year is likely to continue. As a result, they have suggested that member agencies should develop another list of possible projects for consideration for state funding. A distribution of last year's projects and number one priority was distributed on July 5, 2023, to TAC members, and members have been asked to review and submit their number one priority.

RTAC had suggested an increased, combined dollar limit of \$400 million statewide for their list, plus \$100 million for the SMART Fund. The population-based division of that amount estimates the possible allocation of funds to the YMPO region at just over \$48 million.

A tentative schedule for producing the YMPO region's priorities for this list, is as follows:

Date	Likely Action Needed
Jul 13, 2023	Member agencies submit project requests to YMPO TAC meeting
Jul 13 – 31, 2023	YMPO Staff compile Fact Sheets received from member.
Aug 10, 2023	The TAC recommends a draft list of prioritized projects to Ex. Bd.
Aug 31, 2023	The Board approves the prioritized projects for allocation
Sep 4, 2023	Early submittal of list to RTAC
Oct 1, 2023	Deadline Fact Sheet Submittal to RTAC for submittal the AZ legislature

YMPO INFORMATION SUMMARY for Agenda Item 9 YMPO Rebranding

DATE: July 27, 2023

SUBJECT: YMPO Rebranding

SUMMARY:

Last year, during the May 26, 2022, Board meeting, the Board approved a revised YMPO mission statement and was the first step to a rebranding vision project. YMPO staff has recognized the need to update the YMPO logo, website, and resource materials such as brochures to provide updated information and a new fresh look. YMPO Board members will be asked for their opinion.

As part of a rebranding effort, we want to explore various potential styles for a new logo: contemporary, traditional, modern, or leave it as is. We will be pulling together inputs, ideas and work on creating samples that we can share with the Executive Board. In parallel we will be reviewing our options for a refresh of the website. Our goal is to create a modern dynamic web presence that incorporates visually appealing and an easy to navigate user experience. After Executive Board acceptance of a new logo design, we will begin our efforts to review and update resource materials and brochures.

Shelly Kreger Transit Director Yuma County Intergovernmental Public Transportation Authority 2715 E. 14th St Yuma, AZ 85365

Subject: 5311 Rural Transit Fiscal Year 2022 Preliminary Notice of Award Year 2

Dear Ms. Kreger:

ADOT is pleased to issue this Preliminary Award Notice for Year 2 of your FY 2022 5311 Rural Public Transit Grant Agreement. All preliminary funding awards are contingent upon the Federal Transit Administration awarding funds to ADOT for the 5311 Program. ADOT will be submitting an application to FTA in June 2023 and anticipates FTA awarding funding in August 2023. Please see the table below for your 5311 Rural Transit 2022 Preliminary Notice of Award for Year 2.

ADOT must await Federal Transit Administration (FTA) approval of the grant; thus these award amounts are contingent upon FTA approval and your compliance with Federal and State requirements. You must also have an updated Title VI plan that is approved by ADOT Civil Rights or FTA (if applicable), or a self-certification form submitted, prior to expending funds. Your official notice of award will come with your Exhibit A.

All funding balances available as of 9/30/23 will be rolled into Year 2 of your Grant Agreement. Additional 5311 formula funding was awarded to each subrecipient based upon your projected formula funding carry over and level funding needs for Year 2.

All 5311 Formula funding must be expended by September 30, 2024 or will be recaptured by ADOT when the grant agreement ends. Please note that all Capital funds awarded in Year 2 must also be expended by September 30, 2024.

Yuma County Intergovernmental Public Transportation Authority				
Project Title	Federal Match Ratio	Preliminary Total Award	Preliminary Federal Award	Local Match
Administration	80%	\$480,000.00	\$384,000.00	\$96,000.00

Preventive Maintenance	80%	\$150,000.00	\$120,000.00	\$30,000.00
Intercity	58%	\$790,865.13	\$458,701.78	\$332,163.35
Total		\$1,420,865.13	\$962,701.78	\$458,163.35

Please note, due to our funding requests exceeding 41 million dollars and an apportionment of just over 18 million dollars we were unable to approve capital request(s) outside of preventative maintenance. Capital requests such as buses and bus facilities can be funded from the upcoming 5307/5339 Competitive grant application. Arizona DOT received an apportionment of 4 million dollars in Section 5339 Statewide funds in FY 2023 and 5311 agencies are eligible to apply for 5339 funding. Please consider this funding option. We anticipate the application opening in the next few weeks.

If you have any questions, or if the award is significantly different than expected, please contact your Program Manager. You have the right to appeal this funding decision. If filing an appeal, applicants must use the following process in order for the appeal to be considered valid. Letters of appeal must clearly identify the applicant, contact person, address, phone number, project description and grounds for appeal. Letters of appeal must be submitted within ten business days of notification of award; no later than the close of business **June 8, 2023**. Submit the appeal via email to your assigned Program Manager.

ADOT reviews all appeals and notifies applicants of the decision within ten business days. If the applicant is not satisfied with the 5311 Program Manager's response, a further appeal may be made to the Transit Group Manager. This appeal must be submitted within ten business days of the notice of the 5311 Program Manager's decision. A copy of the additional appeal must be sent to the 5311 Program Manager. The Transit Group Manager will then provide a written response to the applicant within 30 days of receipt of the appeal.

Please remember that your transit funding must be included in the local TIP (Transportation Improvement Plan) developed by your COG or MPO and your COG/MPO must forward their approved TIP to ADOT Programming so the projects can be included in the STIP. COGs and MPOs have been copied on this award letter, however it is the transit agencies responsibility to coordinate with your COG or MPO to assure that all your projects are included in the local TIP FTA is unable to fund any grant application until the project is included in the federally approved STIP.

YMPO INFORMATION SUMMARY for Agenda Item 13 Executive Director's Evaluation

DATE: July 27, 2023

SUBJECT: Executive Director's Evaluation

SUMMARY: The Director's annual performance evaluation process includes a review by a subcommittee composed of the Chairman and two other Board members from different jurisdictions. During the February 23, 2023, Board meeting, the Executive Director's Performance Evaluation Subcommittee was established and agreed that YMPO staff evaluations would align best if conducted in June of 2023 to allow newer staff evaluations by the Director, to coincide with the Budget fiscal year, and implement any raises effective at the start of the new fiscal year July 1, 2023.

Chairman Gary Knight, Supervisor Lynne Pancrazi and Councilmember Maria Cruz met to evaluate the YMPO Executive Director on July 19, 2023. The subcommittee reviewed the Director's self-evaluation, and gave their opinions, including any changes to the self-evaluation scores and written notes.

The subcommittee members then present the updated evaluation during the Executive Board meeting (usually in Executive Session) during which members discuss their opinion of Ms. Figueroa's handling of YMPO operations. Subcommittee members are encouraged to provide their opinions of the Director's evaluation and to answer any questions from members. Members also have the opportunity to ask Ms. Figueroa direct questions, if they so desire. Ms. Figueroa has not requested that her evaluation be heard during Executive Session, but the actual review of Ms. Figueroa's performance and any questions usually occur during Executive Session, as members are freer to provide both positive and/or possibly critical comments during a closed session. Finally, members will also be requested to discuss any adjustments to the salary and/or benefits package as they see fit.

PUBLIC INPUT: No members of the public have provided any input on this item.

TECHNICAL & POLICY IMPLICATIONS:

TECHNICAL: On February 23, 2023, The Board motioned to have the Executive Director's evaluation occur in June 2023. Alike, some YMPO Staff were evaluated in June and proper adjustments to their salary and benefits packages were implemented at the start of the fiscal year, July 1, 2023. If an evaluation is delayed any change to salary is backdated to the beginning of the fiscal year period.

POLICY: Pay raises for YMPO staff are guided by the YMPO Personnel Policies and Procedures.

ACTION NEEDED:

This item is on the agenda for information, discussion, and possible action regarding the Executive Director's evaluation, pay scale, and pay for performance adjustments.
